

New York State Pollution Prevention Institute (NYSP2I)

You are cordially invited to attend the
Green Engineering Workshop
with a focus on Process Intensification & Green Chemistry.

This exciting workshop will be held on:
October 27th, 2009 from 8:30am – 3:00pm at Clarkson University

Peterson Board Room, Bertrand H. Snell Hall #330

Speakers include:

- ~ Dr. Laurence R. Weatherley, Spahr Professor and Chair, University of Kansas
Sustainable Processing via process intensification
- ~ Dr. Martin Walker, Associate Professor, SUNY Potsdam
Developing a green chemical process
- ~ Dr. Roshan Jachuck, Research Associate Professor Chemical and Biomolecular Engineering
Clarkson University - *Process Intensification: What, Why, How?*
- ~ Dr. Ruth E. Baltus, Professor and Chair, Clarkson University
Ionic Liquid for Reduction in CO₂ footprint
- ~ Dr. Sitaraman Krishnan, Assistant Professor, Chemical and Biomolecular Engineering
Clarkson University - *Pollution Prevention Using Non-leaching, Nontoxic Polymers as Anti-Biofouling Surface Coatings*
- ~ Dr. Tom McHugh, Director Materials Manufacturing, Eastman Kodak
Green Engineering: The new industrial revolution

Presentations will highlight state of the art technologies and demonstrate the benefits that can be achieved to make processing plants cleaner, greener and more sustainable in their operations.

The workshop is targeted for academics, educators, industrialists and policy makers in an effort to raise the awareness and profile of pollution prevention activities currently being initiated by the New York State Pollution Prevention Institute.

Hotel Accommodations may be made at the:
Clarkson Inn in Potsdam (315-265-3050 or <http://clarksoninn.com/>)

Directions to Clarkson University and a campus map may be found at:
www.clarkson.edu/about/campus_map_brochure_3-24-08.pdf

Additional subject matter information is available at:
http://www.nysp2i.rit.edu/training_education.html

**For registration, please contact Erica Flores via email at erica.flores@rit.edu
or 585-475-2512.**

The *Green Engineering Workshop* is hosted by:
[New York State Pollution Prevention Institute](#) & [Clarkson University](#)
*This workshop is funded by the New York State Department of Environmental Conservation.
There is no registration fee.*
